Seeking a challenging career with a progressive organization that provides an opportunity to capitalize my technical skills & abilities in the field of Artificial Intelligence.

Education

VIT University — Bhopal, M.P
Master of Technology — *Expected june 2026*
- GPA: 8.23

Institute Of Engineering and technology, DAVV — Indore M.P
Bachelor of Engineering — *2018 - 2022*
- GPA: 7.5

Higher Education — Sagar M.P
CBSE — *2017 - 2018*
- percentage: 63.5

Technical Skills

Languages: Python, C/C++, SQL
Technologies: AI/Ml, DeepLearning, NeuralNetworks, NLP
Frameworks: Tensorflow, Scikit-Learn
Developer Tools: Jupyter, collab, Tableau
Libraries: numpy, pandas,matplotlib
Tools: Git, Github, Github Action, Docker, Kubernetes

Experience

Traniee Intern — july 2022- october 2022
Yash technologies — *Indore, M.P*
- learn Java FullStack Development
- Learn problem Solving and decision making

Projects

AI in Wildlife Conservation | *Deeplearning* — Jan -2025
- Developing a image classification model which shows that how Ai can help in Wildlife Conservation.
- Used wildlife dataset for training and testing data and used Yolov11 model for better accuracy and results
- continuing with writting research paper on it and publish it.

Credit-card Fraud Detection | *Smote and RandomForest* — nov-2024
- Tries to detect fraud in credit card companies
- Used Credit card dataset for training and testing , use Smote approach to balance the data and random forest model to get better accuracy and results

weather Application | *Builtin-APIs, node.js* — june- 2021
- developed a weather application using Builtin-API

Soft Skills

Strong communication and interpersonal skills.
Adaptable and quick to learn new systems.
Good in problem solving abilities.

Achievements

- Completed a Virtual Internship in Technology offered by Deloitte, gaining hands-on experience in digital transformation, technology, and industry-relevant problem-solving
